ALL IS HUSTLE AND BUSTLE AT THE FAIR GROUNDS

Work Is Pushed Night and Day to Get Exposition Ready.

There is a hum and a banging of hammers at the fair grounds both day and night for the work must be finished. There are but a few hours left to prepare everything for the night-seers and the fair management with everything in order that the grounds and the buildings may be in perfect condition for the opening Saturday.

Painters are making signs, while the exhibitors are rushing their handiworks to the grounds for exhibition. The carpenters are hammering day and night, for the days are short and work must be done at night to have it in readiness when the button is pressed to open the second annual fair Saturday morning.

Electric Lights Everywhere.
Electric lights have been strung everywhere and they burn brightly while the workmen hammer and saw. Signs are being hung over the booths underneath the hunting which carries the tricolors of Mexico alongside those of this country. Machinery is being rushed to the machinery hall, preparations have been made for the agricultural exhibits and the poultry will have a building all to itself this year.

America Hustle All Around.
The race track has been fine combed, the baseball diamond has been raked over so carefully and everywhere is the typical American hustle and bustle preceding the opening of the exhibit. The hot tamale man has his stand, the cafeteria has a place and restaurants are scattered all along the Overland trail and new stands are being erected by restaurant people, while the ever present American pie counter will be much in evidence.

Elephant Butte Project at Fair.
The Elephant Butte project in profile is to be seen in the agricultural building at the fair. The big profile map which was made for the chamber of commerce exhibit at the Chicago land show last year is to be shown for the first time locally at the fair. The map shows all of the mountains between the Elephant Butte dam and the lower El Paso valley, the railroad systems operating in this section, the Rio Grande and its valleys and the irrigated sections both above and below El Paso. The map is to be lighted by electricity.

Banks to Close.
At a meeting of the El Paso clearing house Tuesday it was decided to close all of the banks during the entire day Wednesday of next week, which is El Paso day at the fair. The banks will also close at noon on Friday for Dan Patch day. The real estate offices will observe the same closing rules as those of the clearing house and the merchants are also planning to close all day Wednesday and half a day Friday. The city schools will be closed all day Wednesday for El Paso day. The railroad uptown offices will also be closed on Wednesday.

All Will Boost.
"Boost for the 1911 Fair." This is to be the official slogan of the fair. A big sign will be hung on the main colonnade at the fair grounds, where it can be seen from all parts of the grounds urging everyone who attends the fair to get busy to make the 1911 fair a bigger success than the 1910 one. All of the fair advertising during the fair week will carry the official slogan, "Boost for the 1911 Fair."

The Baby Show.
The classes for the first annual baby show which is to be held on Saturday, November 5, children's day, have been announced by Miss Gladys Edmonds, who will be in charge of the show. The babies must be between the ages of six months and two years, and must all be dressed in white in order to be entered in the exhibition. Prizes will be offered for the prettiest baby, the smallest baby, the baby having the reddest hair and the curliest hair, for the fattest baby under one year of age, and over one year; the baby most sensibly dressed and another for the best dressed infant, and three special prizes for the twin class, one being for the prettiest boy and girl twins, one for

the prettiest twin girls, and another for the prettiest twin boys.

Miss Edmonds will be at the Fair association office each afternoon from 2 until 5 o'clock to receive entries.

Down Town Parade Abandoned.

Owing to the magnitude which the formal opening has assumed, because of the number of organizations to be represented, the down town parade has been abandoned. Instead, a band concert will be given in San Jacinto plaza from 11 to 12 Saturday morning and the delegates to the formal opening at the fair grounds will be taken to the grounds on board a special train of street cars. They will be met at the entrance by Buffalo Bill and his company of cowboys and Indians and a parade will be held preceding the formal opening exercises.

Fair Colors From Plaza Pole.

A long streamer of blue and gold ribbon, the official colors of the El Paso Fair, will float from the San Jacinto flag pole all next week beneath the big American flag. The merchants and business men are arranging to decorate their stores and shops with these colors.

Special Tent for Cuts.
A. W. Lofton has been appointed superintendent of the cat show which is to be held during the fair. A special tent is to be provided for the felines.

An electric barrier has been secured for the running races and there will be no delay in getting the bangtail away from the post for the jumping races.

ORANGE CROP IS READY.
Montemorelos, Mexico, Oct. 26.—The orange crop here is ready to move, but there is a scarcity of cars. Several fruit growers have had their fruit crop in condition for shipment for some time but have been unable to secure the cars to get it out of the local station.

BISBEE RESORTS WISH TO PAY LIQUOR LICENSES

Bisbee, Ariz., Oct. 26.—Four resorts in the segregated district have applied to the county supervisors for liquor licenses and may get them. This action follows the arrest of four proprietors who paid fines of \$35 each on charges of violating the liquor law. They were notified they would have to discontinue the practice or take out county licenses.

It is possible, however, that the city council will take action similar to that taken by the Tucson city council two years ago when the latter body passed a law prohibiting the sale of intoxicants in the segregated district.

BUILDING ACTIVITY NEARS THE BOOM POINT AT DOUGLAS

Douglas, Ariz., Oct. 26.—There is a building boom on here and extensive improvements are being made about town in addition to the work at the Copper Queen and the C. & A. smelters. Among the improvements are the construction of the city water office to cost \$3000 and several new brick and adobe residences and apartment houses.

In the suburb of Apache, improvements along the building line are also being made and many new houses are in course of construction.

DARLING IS GIVEN TWO YEARS IN REFORM SCHOOL

George Darling, charged in the 34th district court with burglary, was found guilty by a jury Tuesday afternoon and sentenced to serve a two year term in the reform school. Darling was alleged to have taken plumbing fixtures from houses at 1417 and 1421 Myrtle avenue.

Mrs. Hiram Hadley, of Mesilla Park, N. M., is at the Grand Central.

CONFESSES AND IS GIVEN 27 YEARS

Waxahachie, Texas, Oct. 26.—Mark Rochester, the young man who slashed the throats of Mr. and Mrs. Joe Logsdon, an aged couple, on the night of June 15, while asleep at their home near Venus, pleaded guilty in the district court this morning to two charges of assault to murder, and was given 15 years in one case and 12 in the other.

Rochester was captured after a three days' exciting chase.

CIRCUS PAYS STATE TAX AT SHERMAN WITHOUT KICK

Sherman, Texas, Oct. 26.—Capt. Bill McDonald, accompanied by E. C. Gaines, is here today collecting the state tax from the Forepaugh circus. Since McDonald is enjoined from collecting the tax, Gaines is acting for the state and he gets the money. The circus paid for two performances without protest.

DOUGLAS COUNTRY CLUB PLANS REDUCING DEBTS

Douglas, Ariz., Oct. 26.—The Douglas Country club will, at its next meeting decide on a plan to reduce its indebtedness. Two plans have been proposed. One is the taking up of stock and the other the cancelling of bonds which were issued when the club house was built. It is possible that both these plans will be adopted.

UNCLE OF BRYANT IS ILL

Deputy sheriff R. E. Bryant received a telegram Wednesday morning announcing that his uncle, R. E. Bryant, of Covington, Ind., was seriously ill at Hereford, Texas. Mr. Bryant will be unable to go to Hereford.

HARSH CHARGES AGAINST STIMSON

(Continued from Page One.)

inee had acted contrary to a nice sense of honor when he resigned as federal district attorney with the sugar litigation unfinished and practically forced the government to employ him as special counsel to continue the prosecution at greatly increased remuneration.

Mr. Dix asked why Mr. Stimson had been satisfied with recovering only \$2,000,000 from the American Sugar Refining company when the government's original claims amounted to \$9,000,000. Finally, he assailed Mr. Stimson because "the men of great wealth and social position at the head of the company have entirely escaped punishment."

GREAT CROWDS GO TO HEAR ROOSEVELT SPEAK

Syracuse, N. Y., Oct. 26.—The campaign grows livelier as Theodore Roosevelt travels about central New York. Hundreds stood in the rain yesterday to hear his outdoor speeches and every building in which he spoke was jammed.

"There has been a deliberate effort on the part of these men who are crooked to mislead and frighten their colleagues who are not crooked," said

Col. Roosevelt, "and especially to mislead and frighten the small business men by telling that disaster impends if Stimson is elected governor, because Stimson is closely allied with me, and I, forsooth, am a dangerous man, and especially dangerous to business."

"I do not think this appeal has had as much influence as I at one time feared, but still it undoubtedly has had a certain influence."
